Floor Mats

A vehicle's interior is just as important as its exterior, even under your feet. Whether you're looking to add some personality or need something more practical, Custom Accessories has you covered from the ground up. Our selection of durable floor mats will take you from season to season, keeping your carpet clean with sturdy construction and innovative designs. The following pages showcase our selection of fine products from brands such as Dickies, Armor All, TrueTimber, and our own private label brands.

Since 1922, the Dickies brand has stood for quality, toughness, and pride. Custom Accessories is thrilled to continue their legacy with a full range of stylish and durable mats from this iconic brand. No-trim, as well as trim-to-fit designs, keep your floor free of dirt, water, and debris.

Electrical

In a world where technology is vital to everyday life, we rely on an assortment of devices at home and on the road. Thankfully, we don't need to lug around cases of batteries to keep them powered up. Vehicles come equipped with at least one 12V power socket that can do more than light cigarettes, it can charge our phones, tablets, portable lights, hand vacuums, and more. If one charger isn't enough, this section offers a variety of add-on sockets, USB ports, and power outlets to keep your tech properly topped off.

Lighting

A popular way to personalize your vehicle is with custom lighting. While it may seem like a daunting upgrade, dressing up cars, trucks, SUVs and even boats with decorative or practical LED lights is actually easier than you think. Our LED Innovation, Truck Tuff, and Custom Accessories brands offer plenty of options to brighten up both safety vehicles and party rides -- and they just need a 12V plug-in socket or a quick hardwire hookup.

As the name implies, LED Innovation is all about the latest and greatest in vehicle illumination. No matter what kind of vehicle you drive, there is a way to kick up its look and attitude. Our clever designs combine both a cool look and easy installation.

While custom lighting can add flashy flair, it can also have more practical applications. The addition of bright LED lights (whether they're beams, strobes, or flashers) can turn an ordinary truck or SUV into a safety vehicle. Truck Tuff's extra-durable construction also allows it to handle challenging weather conditions.

2Air:

2Air odor-eliminating seat protectors are perfect for people with pets. These covers are specially treated with odor eliminators and are made from non-allergenic, non-leaching fabric to ensure your upholstery doesn't draw in any moisture or unpleasant smells.

Aegis:

You'll feel safer knowing your seat covers and protectors are protected with the AEGIS Microbe Shield®. This highly effective antimicrobial technology protects treated surfaces by inhibiting the growth of stain and odor-causing bacteria, mold, mildew, and fungi.

Auto Covers

Complete car care goes beyond glass cleaner, polish, and wax. Sturdy and stylish automotive covers by Rain-X® are made with heavy-duty fabric to resist the elements. They also feature heat-sealed seams to keep out water.

The Rain-X logo is displayed in a stylized, bold font. The letters are blue with a yellow outline. The 'i' in 'rain' has a blue dot, and the 'x' has a blue dot. A registered trademark symbol (®) is located to the right of the 'x'.

rain-x®

For more than 50 years, Rain-X has become synonymous with innovative car care products that repel water from your ride. Our durable Rain-X rooftop cargo carrier shields luggage and personal gear against wet weather.

Sun Control

While we all love a sunny day, that golden glow can cause uncomfortable heat buildup and damage your vehicle's interior. Tests show that a good sunshade can keep your vehicle up to 44°F cooler. Custom Accessories offers a great selection of accordion shades, twist-fold shades, roller shades, reflective shades, and window tints to make chillin' easier when the temperatures start to soar.

AUTOSHADE®

The collaboration between Black Magic and Custom Accessories has conjured a line of premium window tints and adhesive films that easily eclipse those of the competition for their ability to reduce glare and keep upholstery safe from the sun.

- Window Tint -- Black Magic offers DIY vehicle enthusiasts a variety of options to filter out heat and glare. Additional features such as scratch and fade resistance, as well as easy installation, have made their tints a hit.

- Insta-Cling™ -- Easy-to-install Insta-Cling™ film attaches to windows statically, making it both removable and reusable. Vehicle owners and detailers have become attached to its scratch and fade resistance, as well as how easy it is to install.

Exterior Accessories

There's nothing like a vehicle loaded with all the bells and whistles a dealer can provide. But sometimes our rides need one – or more – extra touches, whether decorative or practical, to make them complete. They could be a stick-on emblem that reflects our personality, hobby, or an organization we belong to or perhaps a safety feature such as a deer alert. The section that follows offers a selection of Custom Accessories' great exterior extras.

DECORATIVE EMBLEMS
