

Seat Cushions

In a world where people work hard and play hard, they sometimes forget it's important to relax. Whether you're on the road, at the office, or simply at home, Custom Accessories offers a great selection of durable seat cushions to ease the pressures of daily life. Our Dr. Scholl's, Ergo-Drive, and Custom Accessories brands are all specially designed to deliver the comfort and support your body needs.

Custom Accessories has partnered with Dr. Scholl's® to create an exciting new line of seat cushions designed to energize your drive. Our selection of lumbar and posterior cushions offers three levels of performance to eliminate fatigue, discomfort, and pain at the source.
